I like playing with friends at school! There are a lot of fun things we can play together.

I get very happy when I play with friends. This is okay!

Sometimes, when I am playing, I touch or push my friends. This is not okay! That makes my friends feel sad or upset.

When I am with friends, I need to remember
To keep my hands and feet to myself.

When I am with friends, I can talk to them
and I can wait for my turn.

When I keep my hands and feet to myself, my friends are happy and we can have fun together.
